Board Meeting & Budget Meeting

ACTUAL MEETING MINUTES

DEMONSTRATION ONLY

THIS IS NOT AN ACTUAL SET OF MEETING MINUTES

This is where the association's actual minutes would appear.

On a live Color Minutes community page, this PDF would contain the actual board-approved meeting minutes provided by the association or management company.

Residents could click the Actual Minutes link and download the original meeting-minutes PDF.

What Color Minutes provides

Color Minutes provides visual, easy-to-read and searchable meeting notes that help residents quickly review topics discussed at a meeting.

These visual meeting notes do not replace the association's actual minutes. When the board chooses to publish them, the real minutes can be attached separately for residents to download.
